# How to Pair your Canvas Course with Connect

1. In your Canvas course, select ADD A NEW MODULE, then Type in "McGraw-Hill Campus" and select ADD MODULE.
2. Select the + sign or select ADD ITEM TO MODULE (depending on the version of Canvas) and MODULE link and select ADD ITEM button.
3. In the drop down menu and select EXTERNAL TOOL, then select McGraw-Hill Campus from the list and check the box next to LOAD THIS TOOL IN A NEW TAB. Select DON'T INDENT and select ADD ITEM.

***You are now ready to being using McGraw-Hill Campus.

1. <u>TO PAIR A CONNECT COURSE TO YOUR CANVAS COURSE SHELL</u> – BEFORE pairing, have your new CANVAS class and new CONNECT classes set up!
2. Copy the ISBN from a previous course or enter it exactly – be sure you get the correct version of our text
3. Select your NEW course in Canvas – it will be at the very bottom of the page if not published yet, or up in the list if already published
4. Type or Paste in the exact ISBN, select the correct textbook
5. Double Click CONNECT
6. Select the CANVAS course YOU HAVE ALREADY SET UP
7. Click "I want this for my students" at the top
8. PAIR with existing Connect class –Click button beside new course previously set up
9. SAVE – You should see a "PAIRED" Message. This will allow students to access Connect via logging in to Canvas AND will allow you to SYNC grades from Connect reviews and exams directly into the Canvas grade book.

***If you see the message above, you have either attempted to log in using an unsupported browser OR you have "timed out" and need to RELOGIN to McGraw Hill!!!!
