

Locking a Module

- * EDIT Module Settings
- * Lock Module until a specific date
- * Add a prerequisite
- * Module complete when....
- * "Force" students to do assignments in order you listed them.

A screenshot of the "Edit Module Settings" dialog box. The title bar says "Edit Module Settings". Below the title bar is a text input field containing "Week of March 4-8 Chapter 5.1 - 5.3 Forest Biomes". Underneath the input field is a checkbox labeled "lock module until a given date". Below that is a section titled "Before students can view this module:" with a blue plus icon and the text "Add prerequisite". Below that is another section titled "This module is complete when:" with a blue plus icon and the text "Add requirement". At the bottom right, there are two buttons: "Cancel" and "Update Module".

Lock Module until a Specific Date:

- ✿ Select “lock module” box
- ✿ Select a date & time.

Add a Prerequisite

- ✿ Before Students Can view this Module:
- ✿ Select “ADD Prerequisite “
- ✿ Choose a module which must be completed before they begin this module.

The screenshot shows the 'Edit Module Settings' window for a module titled 'Week of March 4-5 Chapter 5.1 - 5.3 Forest Biomes'. The 'lock module until a given date' option is checked, with the 'Unlock At' date set to 'Mar 3, 2014'. Under the 'Before students can view this module:' section, the 'They must complete' dropdown is open, displaying a list of prerequisite modules. The first option, 'the module, Week of February 25 - March 1 Chapter 4.1 - 4.4 Biomes of the World', is highlighted in blue. Other options include 'the module, Week of March 11 - 15 Chapter 5.4-5.5 Forests Biomes / Review for Test', 'the module, Week of March 18 - 22 Chapter 6.1 - 6.2 Aquatic Biomes', and a series of 'Mod 4' through 'Mod 15' options.
